- Lakehead University Campus, Advanced Technology and Academic Centre, Room 6022
- Northern Ontario School of Medicine Webcast and Archive www.nosm.ca
- Ontario Telemedicine Network (OTN) – *please register your site.*

Program Description

The Northern Ontario History of Health and Medicine Group links students, faculty, researchers, practitioners and interested individuals from across the North and a range of disciplines/professions together. The sessions provide an opportunity for people to share and discuss cutting-edge research in the history of medicine (broadly defined). At each session, a speaker will present his/her current research and respond to group discussion.

Objectives

By the end of the program, participants will be able to:

1. Learn about inter-professional skills and networking, as well as engage in community-academic interaction. At the meeting a speaker will discuss her or his current research in the history of health and medicine. Group discussion will be encouraged, including consideration of research methods.
2. Acquire enhanced inter-professional understanding, and willingness to collaborate.
3. Develop critical reflection and communication skills.
4. Achieve a wider perspective on the health profession and medical developments.

***Everyone is welcome; food and drink provided.**
