

Rural and Remote Practice

PSA SCREENING Wednesday, September 15, 2010

2 session times offered:

7:00 a.m. to 8:00 a.m. EST **or** 7:00 p.m. to 8:00 p.m. EST

DELIVERED VIA ADOBE CONNECT

Connect to this session from anywhere – even the comfort of your own home!

Program Description

The PSA Screening session will review when it is appropriate to screen and what a patient needs to know about PSA screening. This course will be held via Adobe Connect and will be presented by Dr. Jacques Abourbih. Dr. Abourbih will have a 45 minute lecture which will be followed by 15 minutes of live interactive, moderated question and answer period.

Objectives

By the end of the program, participants will be able to:

1. Describe the significant key observations on the natural history of CaP that underpin the decision to screen patients.
2. Explain the risk factors for developing CaP.
3. Analyze and explain the implications of relevant and irrelevant CaP.
4. Evaluate who should be screened and who should not.
5. Describe how to inform your patient about what he needs to know BEFORE you order a PSA

Presenter

Dr. Jacques Abourbih, MD, CM, FRCS (C) is Assistant Professor of Surgery at the Northern Ontario School of Medicine (NOSM). Prior to joining the clinical faculty at NOSM, Dr. Abourbih worked as a Urologist and held the position of Director, Surgical Program of the Regional Hospital of Sudbury. Dr. Abourbih has a strong research interest in the effective use of technology facilitated instruction to learners situated in dispersed locations.
