---

**Interprofessional:** Participants attending CampMed learn the importance of interprofessionalism in health-care settings by learning about various health careers and how those professionals work together to ensure the well-being and health of patients. The majority of the interprofessional learning at CampMed is provided by the health-care professionals who participate in the career fair as well as mentors who are the NOSM's students and undergraduate student volunteers from Northern Ontario.

# CAMP MED

**TUESDAY, JULY 10, 2018**

**LE MARDI 10 JUILLET 2018**

**CampMed:** CampMed is founded on four pillars of learning that are represented in the CampMed logo: from top left and going clock wise, the icons represent the pillars of interprofessionalism, leadership, culture, and clinical skills.

Campers will gain and develop important knowledge and skill sets in each of these pillars through their participation in and completion of CampMed.
