

Palliative Care Education Series

Palliation of End-Stage Liver Disease

Presented by: Dr. Heather Boudreau

CYIPS-01803 -A

Thursday, February 28, 2019
8:00 a.m. – 9:00 a.m. EST

OBJECTIVES

By the end of the session, participants will be able to:

- Estimate prognosis in end-stage liver disease.
- Evaluate who may be a candidate for liver transplantation.
- Identify the common symptoms of end-stage liver disease, and potential treatments.

PROGRAM DESCRIPTION

The Palliative Care Education Series provides regular lectures which discuss common end-of-life issues. During this session, we will discuss the palliation of end-stage liver disease.

PRESENTERS

Dr. Heather Boudreau, MD, FRCPSC completed medical school at Queen's University and her residency training in internal medicine and gastroenterology at the University of Toronto. Dr. Boudreau has been practicing gastroenterology in Sudbury since 2013.
