

Managing and planning your retirement just got a whole lot easier with Manulife Mobile, a free app available for download on your phone or tablet!*

So take a break from browsing the news or your social media accounts and make room for this useful app that can actually help you plan for your future.

Not only does GRS Mobile give you a snapshot of your current retirement assets, it also allows you to quickly and conveniently access your group retirement savings information – anytime, anywhere.

Give this [interactive demo](#) a try and learn more about Manulife Mobile`s convenient features.

Free, fast and convenient. What more can you ask for when there`s so much out there and so little time?

Simply search for Manulife Mobile in your app store and download your future today.

* Standard data charges apply.
