OTN Video Conference: Please specify location by registering with vauld@nosm.ca. Meeting is also Webcast. For WebEx: <https://nosm.webex.com/nosm/j.php?MTID=m90e2cb8a2823946db363e9970f65dd38> Meeting number: 643 199 077

Dr. Paul Hackett PhD (University of Saskatchewan) has research interests in Medical Geography, Indigenous Health & Historical Epidemiology, including the historical and geographical patterns of the health of Canada's First Nations.

This Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the Continuing Education and Professional Development Office at the Northern Ontario School of Medicine for up to 1.0 Mainpro+ credits.

NOHHMG

The Northern Ontario History of Health and Medicine Group links students, faculty, researchers, practitioners, staff and interested individuals from across the North and beyond from a range of disciplines/professions. It is open to the public.

Learning Objectives: Demonstrate knowledge of the history of Indigenous Knowledge on obesity/diabetes. Discuss research methods, sources, & results related to the history of Indigenous knowledge & obesity/diabetes. Discuss and develop a wider critical perspective on the history of Indigenous knowledge & obesity/diabetes that can help inform their perspectives on issues related to practice & relevant public debates.
