Presenter: Dr. Todd Dufresne PhD, Professor (Philosophy, Lakehead), has research interests that include the Anthropocene, Freud, Cultural Studies, as well as Contemporary and Continental Philosophy.

This Group's Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the Continuing Education and Professional Development Office at the Northern Ontario School of Medicine for up to 1.0 Mainpro+ credits.

NOHHMG

The Northern Ontario History of Health and Medicine Group links students, faculty, researchers, practitioners, staff and interested individuals from across the North and beyond from a range of disciplines/ professions. It is open to the public.

Learning Objectives: Demonstrate knowledge of climate change in light of the history of philosophy. Discuss research methods, sources, & results related to climate change and philosophy. Discuss and develop a wider critical perspective on climate change and philosophy that can help inform their perspectives on issues related to practice & relevant public debates.
