

## Eye Foundation of Canada Summer Scholarship Program: 2020

The Eye Foundation of Canada is a non-profit organization with the mission of encouraging and supporting research, public education and medical education in ophthalmology.

Every summer, we award one or more medical students, who have just completed their second year of medical school, with an \$8,000.00 scholarship to spend their summer furthering their education in ophthalmic medicine, surgery and research.

The program consists of education and research experience in the diagnosis and management of eye disease. It is conducted at:

Eye Associates and Greater Toronto Area, with portions at various University of Toronto teaching hospitals.

The program encompasses all subspecialty areas in ophthalmology. Each student will become involved in at least one research project that is supported by the Foundation.

To date there have been 50 EFC Summer scholars since we began the program in 1991, two thirds of whom have gone on to careers in Ophthalmology.

We are currently accepting applicants for the summer of 2020. We prefer students who intend to pursue a career in ophthalmology, as most of our past students have.

**To apply:** Write to us at the Eye Foundation of Canada email address below expressing interest, and including your:

1. Curriculum Vitae
2. Dates of availability for the summer of 2020. (We expect at least 8-10 weeks).

**Application deadline: February 7th, 2020.** Please submit applications electronically.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Arshinoff".

Steve A. Arshinoff MD FRCSC
