

2019 Northeast Oncology Conference

Conférence du Nord-Est sur l'oncologie 2019

Together Towards Tomorrow

Emerging Trends in Cancer Care

Friday, November 15, 2019

Holiday Inn

1696 Regent Street, Sudbury, ON

The conference brings together clinicians, researchers and leaders to highlight current developments in diagnostic, therapeutic and holistic care trends. We will use this conference as a platform to strengthen connections to improve patient outcomes in Northeastern Ontario.

CONFERENCE OBJECTIVES

This conference aims to:

1. Navigate health systems and access resources to improve patient experience and outcomes.
2. Collaborate within an interprofessional team of care providers to provide care to patients and support to one another.
3. Discuss diagnostic, therapeutic, and holistic care trends.

WHO SHOULD ATTEND

This conference is targeted to family physicians, nurse practitioners, surgical, medical and radiation oncologists, registered nurses, pharmacists, researchers, radiation therapists, allied health professionals, medical learners and all health care disciplines with an interest in oncology.

This one-credit-per-hour Group Learning program meets the certification criteria of the College of Family Physicians of Canada and has been certified by the Continuing Education and Professional Development Office at the Northern Ontario School of Medicine for up to 4.25 Mainpro+ credit(s).

This event is an Accredited Group Learning Activity (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada, and approved by the Continuing Education and Professional Development Office at the Northern Ontario School of Medicine. You may claim a maximum of 4.25 hour(s) (credits are automatically calculated).
