

Palliative Care Education Series

Pain 101 - Basic Pain Management

Presented by: Rita Mannarino

Thursday, February 27, 2020
8:00 a.m. – 9:00 a.m. EST

OBJECTIVES

By the end of the session, participants will be able to:

- Choose appropriate analgesia & adjuvant therapies
- Initiate, titrate, and rotate opioid doses effectively
- Manage breakthrough pain & opioid side effects

PROGRAM DESCRIPTION

A case based exploration of basic pain management, its prevalence in palliative care, assessment & treatment options including non-opioid, opioid and adjuvant therapies.

PRESENTERS

Rita Mannarino, MScN, PHC-NP

Rita has worked in health care for over 20 years. She started her nursing career in Critical Care/ICU and then later moved to oncology/palliative care. As a graduate of the diploma nursing program, she worked on her degree part time while working as a nurse at the hospital. She then completed the Nurse Practitioner program and her Masters in Nursing through Laurentian University on a fulltime basis, while continuing her work at the Sault Area Hospital and commuting for 2 years back and forth from Sault Ste. Marie where she lives with her husband and her then young family.

Her career as a nurse practitioner started 10 year ago in primary
