COMMUNITY DESCRIPTION	
Population and demographics	<p>Nestled in the heart of Northwestern Ontario’s Sunset Country, the Township of Ignace is halfway between Thunder Bay and Kenora on Highway 17 - the perfect place to take a break on a long drive, enjoy a picnic and stretch your legs.</p> <p>You’ll find our small town of 1,200 is populated with friendly residents who smile and wave as they walk down the street. If you ask, they’ll point you to the float plane on Main Street or tell you about the historic White Otter Castle.</p> <p>Ignace is the gateway to northern Ontario’s remote waterfalls, rivers and lakes – as well as the forests that surround them. It’s a popular destination for serious wilderness experiences – think fly-in fishing, hunting and camping. In fact, several outfitters use Ignace as their base.</p> <p>In the winter, bring your snowshoes or skis and experience the peace of the area’s vast trail network! Quad and snowmachine trails can take you for miles into the Canadian wilderness. No matter the season, the sunsets are incredible!</p> <p>Ignace is the perfect place to raise a young family or settle in for life’s golden years. New residents have come to Ignace to work in our private and public sectors, to enjoy an active retirement, to explore job opportunities in tourism or to open small businesses. Our small town is a rich fusion of cultures where people from varied nationalities and backgrounds share their heritage. Ignace blends small town comforts and neighbourly folks who are always ready to lend a helping hand. We take pride in our northern hospitality combined with a wide range of conveniences and services that we have to offer. The beauty of the northern landscape surrounding a progressive and modern community makes Ignace a truly great place to live, work and play. The splendor of the stars in the clear night sky defines the spirit of the north, reflecting our spacious and abundant terrain.</p> <p>More demographic information can be found here.</p>

Amenities

Tourism is a staple of the area's economy with a number of fishing and hunting resorts in the vicinity. Transportation plays a key role with the CP railway, the Trans-Canada Highway and the Trans-Canada Pipeline running through the Township. The community is now promoting Highway 599 as the best route to the 'Ring of Fire' mineral wealth in the far north and is a prime candidate in the site selection process for a deep geologic repository for used nuclear fuel. The Township continues to explore this possibility with the Nuclear Waste Management Organization (NWMO).

The Township of Ignace is now focused on strengthening its local economy through strategic approaches aimed at building the right capacity to accommodate the right type of investments. Ignace is positioning itself for long term sustainable growth and development. The Township of is a forward-thinking, collaborative community that is re-inventing itself to attract new businesses and residents. Come, explore our possibilities.

Shopping**Braggs**

Braggs is a retail store located on Highway 17 in Ignace, Ontario. For fashionistas on a budget Braggs is a definite spot, offering brand name clothing items at an affordable price. Whether you're planning an event or special occasion, Braggs is a one stop shop for gifts, toys, decorations and much more.

K&S Bait and Tackle

If you are looking to fish in some of the best lakes in northern Ontario, look no further than K&S Bait and Tackle. Here you can find everything fishing related, from fishing and bow items to fishing and hunting boots and outerwear. Before you leave, be sure to look between the aisles to find that perfect gift or souvenir for family and friends back home.

One is situated right on Agimak Lake and has beautiful lakeside property. The other is in the heart of our housing development.

Spousal employment

Main Sectors and Future Outlook

The Township has had a long, rich history in the mining and forestry sectors that still continue to play a significant role in the community’s economy. Presently, Ignace continues to position itself to benefit from the Ring of Fire mining development (the most promising mining development in Ontario in a century). Resolute Forest Products maintains a striving operation, while the tourism sector remains the staple of the community. Currently, public administration employs the largest percentage of workers, while accommodation and food services, retail trade, educational services, construction and transportation and warehousing round out the popular industries. With the development of the Ring of Fire accessed by Hwy 599 and the potential of becoming the host to the Nuclear Waste Management Organization (NWMO) for the construction and operation of a nuclear waste repository, Ignace is poised to become a successful launch point for economic development of the north.

<p>Primary Care model / clinic setup / allied health support</p>	<p>Mary Berglund Community Health Centre provides primary health care and health care promotion services through a multidisciplinary team. Services are offered by a Health Promoter, Social Worker, Physicians, Nurse Practitioner, Registered Nurses, and a Physiotherapist. A regular foot care Nurse ensures a full range of foot care services. A certified Diabetes Educator provides exemplary diabetic care and counseling. Our focus of care is based on “Community Wellbeing Where Everyone Matters”. We work as a team in an evidence-based design of primary care and community health and wellness programs which enable delivery of better integrated, consistent, client centered</p>

	<p>care and programs at the neighbourhood level. Using a grassroots approach, care and services are reflective of the need of the community members.</p> <ul style="list-style-type: none"> • Primary Care and Program Team work in collaboration with clients, families, caregivers and health care and community service providers to develop coordinated client care services, to truly provide the holistic and individual support required to meet each client’s needs. • We work to reduce barriers that client’s may face such as access to care, health literacy, and social cognitive factors to create solutions that are developed in partnership with each client. • Provide primary care and a variety of other health and human support services to people at the Health Centre, in their home and community, reducing usage of the ER for care that should be delivered at the primary care level, and to support local community growth and development. • Grounded in community development through a community garden, food bank, and many community events, education and empowerment. Not just a clinical focus. The “whole” person is the heart of all programs. • A client and family centered approach to the care provided to clients, valuing the importance of educating, engaging and empowering clients. There are frequent dialogues with the centre’s clients and families through home visits, phone calls and in person meetings.
Other clinical venues and services	Palliative care is provided in home by our Registered Nursing staff and in partnership with Home Care Services
SUPPORTS AND EXPECTATIONS FOR LOCUMS OR LEARNERS COMING TO THE COMMUNITY	
Teaching	We accept students and have offered placements to social work, nursing, nurse practitioner and physician.
Living: housing and accommodations	There are several local hotels in town where accommodation can be arranged. The health centre also owns two homes in town that are rented out to our Locum Physicians and students if available.
Transportation	Your own transportation is required.
Food options	We have a grocery store which offers all of the amenities and a little bit more. Subway and Robin’s Donuts is on the main corridor and the Ignace Tavern also offers a full service menu.
Collegial supports	A full multi disciplinary team is on site, along with our Locum Physician.
