CLINICAL SERVICES

CATCHMENT AREA AND DEMOGRAPHICS

As the regional hub for health services in Northwestern Ontario, Thunder Bay serves a catchment population of 250,000 in a geographical area the size of France.

HOSPITAL DESCRIPTION / SERVICES

[Thunder Bay Regional Health Sciences Centre \(TBRHSC\)](#) is a world-class academic health sciences centre. A 375-bed acute care facility that offers an expansive range of specialist services, it is the teaching hospital of choice for over 1200 learners from NOSM University, Lakehead University, Confederation College, and other partnering academic institutions. TBRHSC is the Regional Trauma Centre and Cancer Referral Centre for Northwestern Ontario and it operates the second busiest emergency room in Canada.

[St. Joseph's Care Group \(SJCG\)](#) offers a broad range of programs and services in addictions and mental health, rehabilitative care & chronic disease management, and seniors' health in Thunder Bay. Its sites include a rehabilitative care hospital, long-term care homes, residential addictions programs, supportive housing, and outpatient services. SJCG is Northwestern Ontario's regional lead for rehabilitative care, behavioural supports and palliative care.

PRIMARY CARE MODEL / CLINIC SETUP / ALLIED HEALTH SUPPORT

There are over 20 [primary care clinics](#) in Thunder Bay, which represent a mix of primary healthcare models including Family Health Teams (FHTs), Organizations (FHOs), and Groups (FHGs), as well as Community Health Centres (CHCs), and Aboriginal Health Access Centres.
