

Health Research Town Hall

ICES North – Research data, analysis and project support

Tuesday, January 12 · 8 – 9 a.m

Via Zoom: [click here to join.](#)

All are Welcome!

Dr. David Marsh - Town Hall Facilitator

Associate Dean of Research, Innovation and International Relations, NOSM

ICES North is a not-for-profit research institute encompassing a community of research, data and clinical experts. Providing secure and accessible provincial health-related data, the ICES North team aims to translate this data into evidence, ultimately improving patient health outcomes. As the sixth and final satellite site of the ICES network, ICES North seeks to address the research gap and health concerns prevalent in Northern populations.

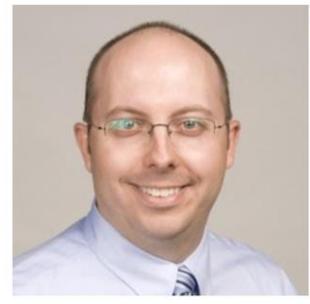

Dr. Jennifer Walker

Canada Research Chair, Indigenous Health, Laurentian University
Provincial Health Data and Indigenous community-engaged research

Dr. David Savage

Emergency Physician, Thunder Bay Regional Health Sciences Centre
Leveraging data for departmental planning and capacity building

Dr. Mike Conlon

Site Director, ICES North
ICES data for examining risk factors of disease in Northern Ontario
