Dr. Greg Ross - Town Hall Facilitator

Vice President of Academic and Research Impact, HSNRI

Developing a program of research is complicated. Fortunately in Northern Ontario there are several funding agencies that have supported researchers through the continuum of developing programs. This session will discuss funding strategies with diverse partners and regional funding agencies that can be used to scale-up research projects and ideas into successful start-up companies in health innovation.

Dr. Amadeo Parissenti

Full Professor, Laurentian University
Senior Scientist, HSNRI
Chief Scientific Officer, Rna Diagnostics Inc.

Christine MacDonald

Director, Business Development & Team Lead Ontario, Mitacs Inc.

Dr. Joe Eibl
