

Lecture Capture for Student Accessibility Agreement

I understand that for accessibility purposes, NOSM University is providing me access to recordings of class lectures (MCS, WGS and LAB) for my educational purposes only.

I understand that the recording is intended for my appropriate use as a student and for no other purpose. I agree not to share the lecture recording.

I understand that information contained in the recorded lecture is protected under federal and international copyright legislation. It is not to be published, placed on the internet, or quoted without the instructor/visiting 'lecturer's explicit consent and only if the lecturer is appropriately identified and credited.

I understand that if granted permission to have a personal copy for accessibility needs, I must destroy recordings at the end of the academic year in which I am enrolled in the class.

I agree that lecture capture may not be used in any way against a faculty member, other lecturers, or classmates whose classroom comments are recorded during the normal course of the lecture

I understand that violating this agreement may result in the withdrawal of the authorization to receive further recordings and a review of access to similar services in the future. I agree that I will follow the terms of this agreement.
