

EXPLORE ELECTIVES IN MANY DISCIPLINES IN NORTHERN ONTARIO!

Northern Ontario offers many exceptional and unique learning opportunities for medical trainees, nestled in an amazing outdoor playground unlike any other. If you are from Northern Ontario, we look forward to welcoming you back for an elective learning opportunity. If you are new to Northern Ontario and interested in experiencing the exceptional lifestyle, we look forward to welcoming you!

Cost Reimbursement: New travel and accommodations reimbursements will be supported, through the recently announced NOR-STaR Program.

Opportunity: Work alongside skilled clinicians in the discipline of your choosing, including unique opportunities in rural and Francophone communities and with Indigenous peoples.

Benefits: Embrace the opportunity to live and learn while exploring possible future work in Northern Ontario with strategic Ministry of Health funding.

Check out the new NOSM U Clinical Electives Catalogue for information about communities and opportunities that might best support your learning:
