

Locum or Permanent Part-time or Full-time (40 hours) options available, Monday to Friday

As a Physiotherapist with Restore Physiotherapy, you would be expected to have the knowledge and skills in rehabilitation to effectively diagnose orthopaedic conditions, determine the functional abilities of individuals with injury, successfully prescribe exercises, use manual therapy skills to assist in treatment, and develop recommendations for daily activities and/or return to work.

Experience with, and/or training in, functional dry needling is an asset.

Responsibilities:

- Diagnose orthopaedic conditions
- Have strong manual therapy skills to effectively treat orthopaedic conditions related to sport, MVA, work related and general injury
- Formulate individualized rehabilitation plans for client cases based on clinical assessment and patient presentation. Includes making appropriate referrals to relevant healthcare providers outside of Restore Physiotherapy
- Determine functional abilities and assist with formulating recommendations for a safe return to activities of daily living
- Following the assessment, document findings and recommendations in a formal report, and document session notes effectively at each follow-up visit using the clinic's EMR system (Clinicmaster)
- Provide advice and consulting services to clients, customers, and affiliate organizations as required
- Perform return-to-work planning for clients as required
- Maintain the comfort, privacy, and dignity of each client

Requirements:

- Bachelors or Masters degree in Physiotherapy
- Member in good standing with the Ontario College of Physiotherapists

- Carry appropriate liability insurance, as well as understand and comply with the legal requirements of licensure, legislation, and scope of practice
- Ability to work collaboratively as part of a professional healthcare team
- Excellent verbal and written communication skills
- Excellent interpersonal, time management and organizational skills
- More than 2 years of clinical rehabilitation experience is an asset
- Functional dry needling certification and rostering is an asset
- Fully vaccinated against COVID-19

What we offer:

- New graduate mentorship upon request
- State of the art gym facility
- Highly skilled, motivated, passionate, and tight-knit physiotherapy team to surround and support you

Wage (fee for service) - based on skills, expertise and experience
