MAP WITH LOCATION

COMMUNITY DESCRIPTION

POPULATION AND DEMOGRAPHICS

Manitouwadge is located in the heart of the Boreal Forest, 54 km north of the Trans-Canada highway. Known for its classic Canadian Shield landscapes, lakes and rivers and abundant wildlife, Manitouwadge can be described as a gateway to the “great outdoors” and boasts many recreational opportunities! The summer months offer a plethora walking/hiking trails to explore, 9 hole Municipal Golf Course, bird watching, star gazing, camping, fishing, hunting & trapping, ATVing, canoeing, kayaking and other water sports. The Kiwissa Ski Hill is open during the winter, offering cross-country and downhill skiing and snowboarding. The avid winter adventurer will also enjoy snowmobiling, ice fishing, snowshoeing, etc!

Manitouwadge is a friendly and safe community - an excellent place for families and children. Educational institutions include a Separate and Public Primary School, a French Public School and a Public High School. The business district is typical of most small communities across Ontario, and all of the local amenities are within a 4 km radius of the clinic. The town is based on mining and forest industries, but there is no mill near town, just clean fresh air and brilliant stars at night. Find more demographic information [here](#).

SUPPORTS AND EXPECTATIONS FOR LOCUMS OR LEARNERS COMING TO THE COMMUNITY

TEACHING

- ICE placements

LIVING: HOUSING AND ACCOMMODATIONS

Locum houses: Fully furnished, kitchen fully equipped, and wifi ready (from bedding to towels- similar set up to an Air BnB). Locums are expected to bring their own personal hygiene products.

Learner accommodations: Fully furnished, kitchen fully equipped, and wifi ready. Learners are expected to bring their own personal hygiene products and towels as well. Accommodations may be shared.

TRANSPORTATION

The majority of locums and learners travel to Manitouwadge in their own vehicle or a rental. Accommodations are located within walking distance to the hospital, so learners and locums have the option to walk or bike as well. Local taxi services vary.

FOOD OPTIONS

One grocery store and 4 local restaurants

COLLEGIAL SUPPORTS

Locums: Additional time blocked off so as to catch up on paperwork or additional personal time, as requested. Time is also booked off for initial clinic orientation. There is always an Associate Physician available for back-up call.

Learners: Collegial, supportive group of healthcare professionals are available to provide mentorship and all levels of support (administration to medicine).
