

St. Joseph's Continuing Care Centre

Working at St. Joseph's Continuing Care Centre is a great career choice! It offers full-scope practice for RNs and RPNs in a rehabilitation environment where we focus on holistic wellness, re-activation and helping patients achieve maximum recovery and independence. Enjoy the wonderful advantage of really getting to know our patients during their recovery weeks with us where they enjoy group leisure activities, communal dining and progressive therapies. As a not-for-profit organization, we focus our resources on our staffing ratios, high quality meals and innovative patient services. Consider our rehab environment as a unique opportunity to make a genuine difference in the lives of others.

WE ARE CURRENTLY ACCEPTING APPLICATIONS FOR THE FOLLOWING POSITION:

Registered Dietitian
Permanent Full-Time
Wage rate: \$40.74-\$49.24

The Registered Dietitian coordinates all phases of nutrition care including nutrition assessments, care planning, monitoring, education and patient counselling. They develop and implement evidence-based nutrition services and medical nutrition therapies that are integrated with patients' medical goals. The Registered Dietitian works as part of an interprofessional team and acts as a consultant to other disciplines.

Additional responsibilities include but are not limited to:

- Initiating and monitoring individualized nutrition regimes based on laboratory data, general health status, clinical observations, medications and medical concerns
- Recommending diets, supplements, and enteral/parenteral nutrition as appropriate
- Consulting with and providing recommendations to other healthcare professionals including physicians, nursing staff, pharmacist, social workers, etc. (Recommendations can be related to swallowing assessment results, therapeutic diet recommendations or any other nutrition related topics)
- Completing and implementing physicians' orders
- Monitoring patients' progress on an ongoing basis as it relates to established milestones and modifying treatment plans accordingly
- Conducting bedside swallowing assessments and making recommendations to the medical team based on assessment findings and best practice for dysphagia management
- Participating in care conferences, team rounds and other interactions with the interprofessional team
- Providing individualized evidenced-based nutrition education for patients and their family members
- Other related duties as required or assigned

Qualifications:

- Registered Dietitian with the College of Dietitians of Ontario (or eligible for membership)
- Bachelor's degree in Nutrition of Food Science, Applied Human Nutrition or equivalent
- Successful Completion in an Accredited Dietitians of Canada Dietetic Internship Program or equivalent
- Two years of experience in a hospital setting is an asset
- Additional training or certification in conducting bedside swallowing assessments and recommending appropriate therapeutic diets for dysphagia management.

ABOUT ST. JOSEPH'S CONTINUING CARE CENTRE:

St. Joseph's Continuing Care Centre of Sudbury is Northeastern Ontario's only rehabilitative and continuing care hospital. Our goal is to provide active rehabilitation to address functional decline so that patients can transition back to the community or to a lower level of care. We are a faith based organization guided by the core values of Service, Integrity, Dignity and Excellence with a focus on a culture of caring.

If you share a genuine commitment to the wellbeing and care of patients, please consider joining our team of dedicated professionals.

HOW TO APPLY:

Please indicate the Job Title of the position to which you are applying in the subject line of your email or fax cover sheet.
